Develop strategies to manage number and flow of customers on the farm.

- Maintain 6-foot physical distance between all visitors and employees.

[What if my business does not allow for strict social distancing?](#)

- [Develop online sales](#)
- Increase direct sales of products through farm stands or curbside pickup
- Build an online 'virtual' tour of your farm
- [Provide U-pick activities](#)
- Consider a drive through farm tour
- Encourage visitors to come for a [farm walk](#)

This project was made possible by support from the new [UVM Office of Engagement](#). The office is the university's "front door" for private, public, and non-profit entities looking to partner with UVM to address community needs.

This work is supported by Critical Agriculture Research and Extension (CARE) grant no. VTN32556 from the USDA National Institute of Food and Agriculture and Agriculture Marketing Resource Center (AgMRC), located at Iowa State University, www.agmrc.org. AgMRC is a national website dedicated to providing information to producers and service providers on value-added agriculture businesses. Any opinions, findings, conclusions, or recommendations expressed in this publication are those of the authors and do not necessarily reflect the view of the U.S. Department of Agriculture.

UVM Extension helps individuals and communities put research-based knowledge to work. Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914, in cooperation with the United States Department of Agriculture. University of Vermont Extension, Burlington, Vermont. University of Vermont Extension, and U.S. Department of Agriculture, cooperating, offer education and employment to everyone without regard to race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or familial status.
