

RECREATING ON FARMS & COVID-19

STAY HOME

If you are not feeling fully healthy, have been exposed to COVID-19, or traveled from a place with a quarantine requirement, please go home. **Do not risk the health of others.**

KNOW BEFORE YOU GO

Plan ahead and prepare: Call or visit the location's website before you head out. Please bring sanitizing wipes and hand sanitizer.

WEAR A CLOTH MASK OR FACE COVERING

Anytime you know others may be present, you should have your mask on.

KEEP YOUR DISTANCE

Give people who aren't members of your household six feet or more of space.

STAY SAFE

Facilities like restrooms may not be available at the farm. Please use hand sanitizer and avoid surfaces that are touched often, such as doorknobs, handrails, and playground equipment. Practice **Leave No Trace** principles.

RESPECT THE FARM

The farmer has the final word. If the farm becomes crowded or the farmers feel visitors are compromising the safety of farmworkers and their communities, they may ask visitors to leave their land.

RESPECT TRAVEL GUIDANCE

Please respect cross-state travel guidance and only drive in your personal vehicle with members of your household. Quarantine requirements are in place except under certain conditions. Find the latest information at: accd.vermont.gov/travel
